October 8, 2016 - 8:00 a.m. - 4:30 p.m.
"Enriching Research through Library Sources"
with **Curt B. Witcher**

(No outside food or drink is allowed in this venue.)

Curt B. Witcher,

MLS, FUGA, IGSF. Curt is Genealogy Center Manager at the Allen County Public Library in Fort Wayne, Indiana.

Curt's topics for the October 8 seminar:

"Effective Use of the Allen County Public library Genealogy Center"
- Detailed description of holdings of ACPL Historical Genealogy Department - nation's 2nd largest genealogical research facility
- Folds research methodology into exploring resources of ACPL
- On-site research and accessing data about the collection remotely

"Doing Effective Genealogical Research in Libraries"
Be an effective researcher - don't miss tremendous research treasures in libraries and archives.
1. Understand four major types of libraries and their missions/roles [academic, private, public, special].
2. Organize data to effectively and efficiently present to librarian, archivist, or record custodian for review and consultation
3. Develop techniques for "scouting" research facility prior to arriving
4. Function well in a wide variety of research facilities

"Mining the Mother Lode: Using Periodical Literature for Genealogical Research"
Newsletters, journals, quarterlies and magazines of the world's historical and genealogical societies publish extremely significant quantities of family and local history data. Don't leave this literature untouched when conducting research and investigating secondary sources of data.
- Identify major types of periodical literature and available indices
- Use them effectively
- Locate specific publications
- Use Periodical Source Index (PERSI), the largest and most comprehensive subject index in the genealogical field.

"Finding the World with WorldCat"
WorldCat.org is the largest bibliographic database in the world and on the Web - and it's free! More than one billion records from more than ten thousand libraries make up this extraordinary resource.
- Identify materials that deal with the families, geographic areas, religions, ethnic groups, and occupations using World Cat
- Link to other online sources off the beaten path

Friday, October 7, 1:30-3:30pm - **Resources to Tap into Washington State from the Comfort of Your Home.** Location: HQRL, Sumner WA.
Washington state is digitized! Come learn about the many resources available. This will cover more than just Washington state ancestors.Taught by Dee Haviland-Fournier and Jim Johnson.

Saturday, October 8, 2016 - 8:00 am - 4:30 pm. - **"Enriching Research through Library Sources"**with **Curt B. Witcher.** Location: Emerald Queen Ballroom and Conference Center.
(No outside food or drink is allowed in this venue.)

Sunday, October 9, 1:00-3:00pm - **Hidden Treasures at HQRL.** Location: HQRL, Sumner WA.
A gold-mine tour will explore the books, microforms, compact disk, and other non-database resources available at HQRL. Taught by Dee Haviland-Fournier.

Seminar attendees only: HQRL will be open Friday for extended hours, until 7pm, and Sunday from 10am until 4pm.

Seminar Costs
Cancellations before 9/29/16 will be charged $10 administrative fee. No refunds after 9/29/16.
